Worldwide Birding Adventures

Brazil: **Serra dos Tucanos** *Trip report*

3rd to 10th December 2013 (8 days)

Red-necked Tanager by Adam Riley

Tour Leader: Andy Foster

Trip report compiled by tour leader Andy Foster

Daily Diary

Day 1: Rio de Janeiro to Serra dos Tucanos Lodge; rest of the day was spent within the lodge grounds.

Day 2: High altitude excursion; full day to Pico de Caladonia.

Day 3: Theodoro Trail in the morning, returning to the lodge for lunch. The afternoon was spent on the Extension trail within the grounds of the lodge.

Day 4: Macae de Cima trail, full day.

Day 5: Three-toed Jacamar excursion, full day.

Day 6: Regua Wetlands in the morning, returning to the lodge for lunch. The afternoon was spent on the Extension trail within the grounds of the lodge.

Day 7: Portao Azul Trail and Theodoro Trail, full day.

Day 8: Birding around the lodge grounds until departure back to Rio de Janeiro at 15.00.

Annotated List of Birds recorded

Total species recorded: 260 (including 51 Brazilian endemics).

The list follows the taxonomic order of the IOC (International Ornithologists' Union).

Species with an * are endemic to Brazil.

Tinamous Tinamidae

Brown Tinamou *Crypturellus obsoletus*
One was seen on the 5th, with another being heard on the 6th

Chachalacas, Curassows & Guans Cracidae

Dusky-legged Guan *Penelope obscura*
One was seen on the 4th, and heard at another 2 locations.

New World Quail Odontophoridae

Spot-winged Wood Quail *Odontophorus capoeira*
A small number were heard on the 5th, this was the only record.

Ducks, Geese, Swans Anatidae

Black-bellied Whistling Duck *Dendrocygna autumnalis*
Small numbers were recorded on the 8th.

Brazilian Teal *Amazonetta brasiliensis*
Small numbers were recorded on the 8th.

Hérons, Bitterns Ardeidae

Black-crowned Night Heron A single bird was recorded on the 9th	<i>Nycticorax nycticorax</i>
Striated Heron Two records, one on the 7th and another on the 8th	<i>Butorides striata</i>
[Western] Cattle Egret Recorded in small numbers on 3 days	<i>Bubulcus ibis</i>
Cocoi Heron A single bird was recorded on the 8th	<i>Ardea cocoa</i>
[Western] Great Egret Recorded on the 3rd and again on the 8th	<i>Ardea alba</i>
Capped Heron Two birds were seen well on the 8th	<i>Pilherodius pileatus</i>
Whistling Heron A single bird on the 8th	<i>Syrigma sibilatrix</i>
Snowy Egret Seen in small numbers on the journey up from the airport	<i>Egretta thula</i>

Frigatebirds Fregatidae

Magnificent Frigatebird Seen in large numbers on the journey up from the airport	<i>Fregata magnificens</i>
--	----------------------------

Cormorants, Shags Phalacrocoracidae

Neotropic Cormorant Recorded on the 3rd and again on the 8th	<i>Phalacrocorax brasilianus</i>
--	----------------------------------

New World Vultures Cathartidae

Turkey Vulture Seen in small numbers on most days	<i>Cathartes aura</i>
Lesser Yellow-headed Vulture Three birds on the 7th, and two on the 8th	<i>Cathartes burrovianus</i>
Black Vulture Recorded daily	<i>Coragyps atratus</i>

Kites, Hawks & Eagles Accipitridae

Grey-headed Kite Two birds were seen on the 9th	<i>Leptodon cayanensis</i>
Savanna Hawk One on the 7th was the only record	<i>Buteogallus meridionalis</i>
Roadside Hawk One on the 9th was the only record	<i>Buteo magnirostris</i>
White-tailed Hawk Three on the 7th	<i>Buteo albicaudatus</i>
Black Hawk-Eagle Singles of this impressive raptor were seen on the 7th and the 9th	<i>Spizaetus tyrannus</i>
Black-and-white Hawk-Eagle One on the 4th was the only record	<i>Spizastur melanoleucus</i>

Caracaras, Falcons Falconidae

Southern Crested Caracara	<i>Caracara plancus</i>
Seen in small numbers on two days	
Yellow-headed Caracara	<i>Milvago chimachima</i>
Seen in small numbers on two days	
Laughing Falcon	<i>Herpetotheres cachinnans</i>
Barred Forest Falcon	<i>Micrastur ruficollis</i>
One heard on the 6th was the only record	
Aplomado Falcon	<i>Falco femoralis</i>
One on the 7th	

Seriemas Cariamidae

Red-legged Seriema	<i>Cariama cristata</i>
One seen well on the 4th, and another heard on the 7th	

Rails, Crakes & Coots Rallidae

Rufous-sided Crake	<i>Laterallus melanophaius</i>
Two were seen on the 8 th	
Slaty-breasted Wood Rail	<i>Aramides saracura</i>
Recorded almost daily in the lodge grounds and on the feeders	
Ash-throated Crake	<i>Porzana albicollis</i>
A single bird was heard on the 7th	
Blackish Rail	<i>Pardirallus nigricans</i>
Four birds were seen on the 7th, and a single bird heard on the 8th	
Purple Gallinule	<i>Porphyrio martinica</i>
A single bird on the 8th	
Common Moorhen	<i>Gallinula chloropus</i>
Recorded in large numbers on the 8 th	

Plovers Charadriidae

Southern Lapwing	<i>Vanellus chilensis</i>
Recorded in small numbers on three days	

Jacanas Jacanidae

Wattled Jacana	<i>Jacana jacana</i>
Recorded in small numbers on the 8th	

Pigeons, Doves Columbidae

Common (Rock) Pigeon	<i>Columba livia</i>
Recorded on the 3rd	
Picazuro Pigeon	<i>Patagioenas picazuro</i>
Seen on several days	
Pale-vented Pigeon	<i>Patagioenas cayennensis</i>
Small numbers seen on three days	
Plumbeous Pigeon	<i>Patagioenas plumbea</i>
A single bird was heard on the 4th	
Ruddy Ground Dove	<i>Columbina talpacoti</i>
Seen daily	
Grey-fronted Dove	<i>Leptotila rufaxilla</i>

Heard on the 5th with single birds being seen on the 8th and the 9th

Parrots Psittacidae

White-eyed Parakeet	<i>Aratinga leucophthalma</i>
Small numbers seen on the 7th and again on the 9th	
Maroon-bellied Parakeet	<i>Pyrrhura frontalis</i>
Seen almost daily on the lodge feeders and on various excursions	
Blue-winged Parrotlet	<i>Forpus xanthopterygius</i>
Three on the 7th was the only record	
Plain Parakeet *	<i>Brotogeris tirica</i>
Seen almost daily on the lodge feeders	
Scaly-headed Parrot	<i>Pionus maximiliani</i>
Seen in small numbers on four days	

Cuckoos Cuculidae

Greater Ani	<i>Crotophaga major</i>
Four were seen well on the 8th	
Smooth-billed Ani	<i>Crotophaga ani</i>
Small numbers on the 7th and again on the 8th	
Squirrel Cuckoo	<i>Piaya cayana</i>
A single bird was seen on the 6th, and heard on three other days	

Owls Strigidae

Tropical Screech Owl	<i>Megascops choliba</i>
A single bird was heard on the 4th	
Ferruginous Pygmy Owl	<i>Glaucidium brasilianum</i>
Two on the 8th was the only record	
Burrowing Owl	<i>Athene cunicularia</i>
Two were seen on the 7th	

Swifts Apodidae

White-collared Swift	<i>Streptoprocne zonaris</i>
Seen on the 4th and again on the 6th	
Grey-rumped Swift	<i>Chaetura cinereiventris</i>
Seen on the 3rd and again on the 10th	

Hummingbirds Trochilidae

Saw-billed Hermit *	<i>Ramphodon naevius</i>
Recorded almost daily on the lodge feeders	
Rufous-breasted Hermit	<i>Glaucis hirsutus</i>
Single birds recorded on the 3rd and the 4th	
Scale-throated Hermit	<i>Phaethornis eurynome</i>
Two birds seen well on the 5th	
Sombre Hummingbird *	<i>Aphantochroa cirrhochloris</i>
Recorded daily on the lodge feeders	
Swallow-tailed Hummingbird	<i>Eupetomena macroura</i>
Recorded on the 7th and again on the 8th	
Black Jacobin	<i>Florisuga fuscus</i>

Recorded daily on the lodge feeders

Plovercrest*Stephanoxis lalandi*

Small numbers on the 4th and again on the 6th

Violet-capped Woodnymph*Thalurania glaucopis*

Recorded daily on the lodge feeders

White-chinned Sapphire*Hylocharis cyanus*

Two on the 8th

White-throated Hummingbird*Leucochloris albicollis*

Single birds were seen on the 5th and the 6th

Brazilian Ruby **Clytolaema rubricauda*

Recorded on the 5th and again on the 9th

Trogon Trogonidae**Surucua Trogon***Trogon surrucura*

Single birds on the 7th and the 9th

Black-throated Trogon*Trogon rufus*

Single bird on the 5th

Kingfishers Alcedinidae**Green Kingfisher***Chloroceryle Americana*

Single birds were recorded on the 6th and the 8th

Ringed Kingfisher*Megaceryle torquata*

Two were seen on the 8th

Jacamars Galbulidae**Three-toed Jacamar ****Jacamaralcyon tridactyla*

Three birds seen well on the 7th

Rufous-tailed Jacamar*Galbula ruficauda*

Two on the 8th

Puffbirds Bucconidae**White-eared Puffbird***Nystalus chacuru*

Two birds seen well on the 7th

Crescent-chested Puffbird **Malacoptila striata*

One bird was heard on the 7th

Toucans Ramphastidae**Saffron Toucanet***Pteroglossus bailloni*

Heard on the 7th, with a single bird being seen on the 9th

Spot-billed Toucanet*Selenidera maculirostris*

Seen on all but two days

Woodpeckers Picidae**White-barred Piculet***Picumnus cirratus*

Small numbers seen on two days

Yellow-eared Woodpecker **Veniliornis maculifrons*

Heard on several days with two being seen well on the 9th

Yellow-browed Woodpecker*Piculus aurulentus*

Two on the 4th and one on the 9th	
Green-barred Woodpecker	<i>Colaptes melanochloros</i>
Heard on the 6th and two seen well on the 7th	
Campo Flicker	<i>Colaptes campestris</i>
Two seen on the 7th	
Blonde-crested Woodpecker	<i>Celeus flavescens</i>
Single birds seen on 5 days	

Ovenbirds Furnariidae

Band-tailed Hornero *	<i>Furnarius figulus</i>
Two on the 7th and another on the 8th	
Rufous Hornero	<i>Furnarius rufus</i>
Small numbers recorded on the 7th	
Itatilia Spinetail *	<i>Asthenes moreirae</i>
Two individuals recorded on the 4th....great rare endemic!!	
Rufous-capped Spinetail	<i>Synallaxis ruficapilla</i>
Single birds seen on the 4 th , 6th and the 9th	
Gray-bellied Spinetail	<i>Synallaxis cinerascens</i>
One on the 9th was the only record	
Spixi's Spinetail	<i>Synallaxis spixi</i>
One on the 6th was the only record	
Pallid Spinetail *	<i>Cranioleuca pallida</i>
Small numbers recorded on the 4th, 6th and the 9th	
Yellow-chinned Spinetail	<i>Certhiaxis cinnamomeus</i>
Two birds seen on both the 7th and again on the 8th	
Rufous-fronted Thornbird	<i>Phacellodomus rufifrons</i>
Seen well on the 7th	
Orange-eyed Thornbird *	<i>Phacellodomus erythrophthalmus</i>
Two on the 4th and a single bird on the 9th	
Firewood Gatherer	<i>Anumbius annumbi</i>
Two birds seen well on the 7th	
White-browed Foliage-gleaner *	<i>Anabacerthia amaurotis</i>
Heard on the 4th with two being seen on the 5th	
Buff-fronted Foliage-gleaner	<i>Philydor rufum</i>
Seen in small numbers on three days	
White-collared Foliage-gleaner *	<i>Anabezenops fuscus</i>
Heard on the 5th with a single bird being seen on the 9th	
White-eyed Foliage-gleaner	<i>Automolus leucophthalmus</i>
Single birds seen on the 5th and again on the 9th	
Rufous-breasted Leaf-tosser	<i>Sclerurus scansor</i>
Single birds on the 5th and the 6th, and two on the 8th	
Sharp-tailed Streamcreeper	<i>Lochmias nematura</i>
Singles seen on the 4th and the 6th	
Plain Xenops	<i>Xenops minutus</i>
A single bird was heard on the 5th	
Streaked Xenops	<i>Xenops rutilans</i>
A single bird on the 7th, with two on the 8th and the 9th	
Plain-winged [Plain-brown] Woodcreeper *	<i>Dendrocincla turdina</i>
A single bird on the 8th was the only record	

Olivaceous Woodcreeper

Two on the 6th and again on the 8th

*Sittasomus griseicapillus***White-throated Woodcreeper**

A single bird was seen on the 10th

*Xiphocolaptes albicollis***Lesser Woodcreeper**

Two birds seen well on the 5th, 8th and the 9th

*Xiphorhynchus fuscus***Scaled Woodcreeper ***

Three on the 6th and a further two on the 9th

*Lepidocolaptes epidocolaptes squamatus***Black-billed Scythebill**

This great bird was seen on the 9th

*Campylorhamphus falcularius***Antbirds Thamnophilidae****Giant Antshrike**

Heard on the 6th and one seen on the 9th

*Batara cinerea***Large-tailed Antshrike**

One seen on the 4th

*Mackenziaena leachii***Chestnut-backed Antshrike ***

A single bird on the 7th and two on the 8th

*Thamnophilus palliatus***Sooretama Slaty Antshrike ***

A single bird was seen on the 8th

*Thamnophilus ambiguous***Variable Antshrike**

One heard on the 5th, and one seen on the 9th

*Thamnophilus caerulescens***Spot-breasted Antvireo**

A single bird was seen on the 5th

*Dysithamnus stictothorax***Plain Antvireo**

Single birds were recorded on the 5th and the 8th

*Dysithamnus mentalis***Rufous-backed Antvireo ***

A single bird was seen on the 4th

*Dysithamnus xanthopterus***Star-throated Antwren ***

Single birds on the 5th and the 6th were seen

*Myrmotherula gularis***Silvery-flanked Antwren ***

Three were seen on the 8th

*Myrmotherula luctuosa***Serra Antwren ***

A single bird was heard on the 7th

*Formicivora serrana***Ferruginous Antbird ***

A single bird was seen on the 5th

*Drymophila ferruginea***Bertoni's Antbird**

A single bird was seen on the 5th

*Drymophila rubricollis***Rufous-tailed Antbird ***

Two birds were seen well on the 4th

*Drymophila genei***Ochre-rumped Antbird ***

A single bird was seen on the 6th, and another heard on the 9th

*Drymophila ochropyga***Dusky-tailed Antbird**

One on the 6th and two on the 9th

*Drymophila malura***Streak-capped Antwren**

Heard on two dates and seen on the 9th

*Terenura maculata***White-shouldered Fire-eye**

Single birds seen on the 6th and the 7th

*Pyriglena leucoptera***White-bibbed Antbird ****Myrmeciza loricata*

Two birds were seen on the 6th

Antthrushes Formicariidae

Rufous-capped Antthrush

Formicarius colma

One bird on the 8th and two on the 10th

Cryptic Antthrush *

Chamaeza meruloides

Heard on three days

Rufous-tailed Antthrush *

Chamaeza ruficauda

One seen on the 4th

Antpittas Grallaridae

Variegated Antpitta *

Grallaria varia

One heard on the 6th calling distantly

Gnateaters Conopophagidae

Rufous Gnateater

Conopophaga lineata

One seen on the 6th, one heard on the 9th

Black-cheeked Gnateater *

Conopophaga melanops

Two on the 5th, and two on the 8th

Tapaculos Rhinocryptidae

Mouse-colored Tapaculo *

Scytalopus speluncae

One on the 4th was the only record

Tyrant Flycatchers Tyrannidae

Planalto Tyrannulet

Phyllomyias fasciatus

Seen and heard on several dates

Grey-capped Tyrannulet *

Phyllomyias griseocapillus

A single bird was seen well on the 4th

Yellow-bellied Elaenia

Elaenia flavogaster

Seen well on both the 7th and the 9th

Olivaceous Elaenia

Elaenia mesoleuca

One on the 4th was the only record

Yellow Tyrannulet

Campsiempis flaveola

Heard on the 7th, two seen on the 8th and one on the 9th

Mottle-cheeked Tyrannulet

Phylloscartes ventralis

One on the 4th

Serro do Mar Tyrannulet *

Phylloscartes difficilis

One on the 4th

Ochre-bellied Flycatcher

Mionectes oleaginous

Two were seen on the 5th

Grey-hooded Flycatcher

Mionectes rufiventris

Two on the 5th, one on the 8th and one on the 9th

Sepia-capped Flycatcher

Leptopogon amaurocephalus

Heard and seen on four dates

Bran-coloured Flycatcher

Myiophobus fasciatus

One on the 6th and another on the 9th

Drab-breasted Bamboo Tyrant

Hemitriccus diops

One heard on the 9th was the only record	
Eye-ringed Tody-Tyrant *	<i>Hemitriccus orbitatus</i>
One on the 5th	
Hangnest Tody-Tyrant *	<i>Hemitriccus nidipendulus</i>
One seen on the 6th	
Eared Pygmy Tyrant	<i>Myiornis auricularis</i>
Single birds seen on both the 5th and the 6th	
Ochre-faced Tody-Flycatcher	<i>Poecilotriccus plumbeiceps</i>
Seen in small numbers on four dates	
Yellow-lored Tody-Flycatcher *	<i>Todirostrum poliocephalum</i>
Seen in small numbers on three dates	
Yellow-olive Flatbill (Flycatcher)	<i>Tolmomyias sulphurescens</i>
Seen in small numbers on four dates	
White-throated Spadebill	<i>Platyrrinchus mystaceus</i>
Single birds seen on the 5th and the 8th	
Cliff Flycatcher	<i>Hirundinea ferruginea</i>
Two on the 6th and a single bird on the 7th	
Euler's Flycatcher	<i>Lathrotriccus euleri</i>
One on the 4th and one on the 9th	
Blue-billed Black-Tyrant	<i>Knipolegus cyanirostris</i>
Two birds seen well on the 4th	
Crested Black Tyrant	<i>Knipolegus lophotes</i>
Two birds seen well on the 7th	
Velvety Black-Tyrant *	<i>Knipolegus nigerrimus</i>
Two birds seen well on the 4th	
Yellow-browed Tyrant	<i>Satrapa icterophrys</i>
Two seen on the 7th and one on the 8th	
White-rumped Monjita	<i>Xolmis velatus</i>
Two seen well on the 7th	
Streamer-tailed Tyrant	<i>Gubernetes yetapa</i>
Four seen well on the 7th	
Shear-tailed Grey Tyrant	<i>Muscipipra vetula</i>
One on the 4th	
Masked Water Tyrant	<i>Fluvicola nengeta</i>
Recorded on almost a daily basis	
White-headed Marsh Tyrant	<i>Arundinicola leucocephala</i>
Two seen well on the 8th	
Long-tailed Tyrant	<i>Colonia colonus</i>
Two on the 7th	
Cattle Tyrant	<i>Machetornis rixosa</i>
Two on the 7th and again on the 8th	
Piratic Flycatcher	<i>Legatus leucophaeus</i>
Recorded on three dates	
Social Flycatcher	<i>Myiozetetes similis</i>
Recorded on almost a daily basis	
Great Kiskadee	<i>Pitangus sulphuratus</i>
Recorded on a daily basis	
Streaked Flycatcher	<i>Myiodynastes maculatus</i>
Seen on several dates	

Boat-billed Flycatcher	<i>Megarynchus pitangua</i>
Seen on two dates	
Tropical Kingbird	<i>Tyrannus melancholicus</i>
Seen on four dates	
Fork-tailed Flycatcher	<i>Tyrannus savanna</i>
Seen on just two dates	
Short-crested Flycatcher	<i>Myiarchus ferox</i>
A single bird on the 8th was the only record	
Grey-hooded Attila *	<i>Attila rufus</i>
Heard and seen on several dates	

Cotingas Cotingidae

Hooded Berryeater *	<i>Carpornis cucullata</i>
Heard on the 6th	
Bare-throated Bellbird	<i>Procnias nudicollis</i>
Heard on the 5th, three seen well on the 6th	
Black-and-gold Cotinga *	<i>Tijuca atra</i>
A single bird seen well on the 4th	
Grey-winged Cotinga *	<i>Tijuca condita</i>
A single bird seen on the 4th	

Manakins Pipridae

Serra Do Mar Tyrant- Manakin *	<i>Neopelma chrysolophum</i>
Single birds seen on the 6th and the 9th	
Pint-tailed Manakin *	<i>Ilicura militaris</i>
Seen well on four different dates	
White-bearded Manakin	<i>Manacus manacus</i>
Three on the 8th and one on the 9th	
Blue (Swallow-tailed) Manakin	<i>Chiroxiphia caudata</i>
Seen and heard on several dates	

Tityras, Becards Tityridae

Sharpbill	<i>Oxyruncus cristatus</i>
One seen on the 5th and another heard on the 9th	
Black-tailed Tityra	<i>Tityra cayana</i>
One on the 5th was the only record	
Greenish Schiffornis	<i>Schiffornis virescens</i>
Heard on both the 5th and the 9th	
Brazilian Laniisoma *	<i>Laniisoma elegans</i>
Heard on the 6th	
Green-backed Becard	<i>Pachyramphus viridis</i>
Two seen on the 9th	
Chestnut-crowned Becard	<i>Pachyramphus castaneus</i>
Two seen on the 6th and another on the 9th	
White-winged Becard	<i>Pachyramphus polychopterus</i>
One seen on the 6th	
Crested Becard	<i>Pachyramphus validus</i>
Two seen on the 3rd and another two on the 8 th	

Uncertain Family**Swallow-tailed Cotinga***Phibalura flavirostris*A single bird was seen on the 4thVireos, Greenlets Vireonidae**Rufous-browed Peppershrike***Cyclarhis gujanensis*

Seen and heard on four dates

Red-eyed Vireo*Vireo olivaceus*

Seen on three dates

Rufous-crowned Greenlet*Hylophilus poicilotis*

Seen and heard on several days

Swallows, Martins Hirundinidae**White-rumped Swallow***Tachycineta leucorrhoa*Three seen well on the 7th**Grey-breasted Martin***Progne chalybea*Recorded on both the 3rd and the 7th**Brown-chested Martin***Progne tapera*Recorded on the 7th**Blue-and-white Swallow***Notiochelidon (Pyg.) cyanoleuca*

Recorded almost daily

Southern Rough-winged Swallow*Stelgidopteryx ruficollis*

Recorded on four dates

Tawny-headed Swallow*Alopochelidon fucata*One on the 7thBlack-capped Donacobius Donacobiidae**Black-capped Donacobius***Donacobius atricapilla*Recorded on both the 7th and the 8thWrens Troglodytidae**Moustached Wren***Thryothorus genibarbis*One on the 8th was the only record**Long-billed Wren ****Cantorchilus longirostris*Single birds were seen on the 3rd and the 8th**(Southern) House Wren***Troglodytes aedon*

Recorded almost daily

Mockingbirds, Thrashers Mimidae**Chalk-browed Mockingbird***Mimus saturninus*Recorded on both the 7th and the 8thThrushes Turdidae**Yellow-legged Thrush***Turdus flavipes*

Recorded in small numbers on three dates

Rufous-bellied Thrush*Turdus rufiventris*

Recorded daily

Pale-breasted Thrush*Turdus leucomelas*

Recorded daily

Creamy-bellied Thrush*Turdus amaurochalinus*

Recorded almost daily

White-necked Thrush*Turdus albicollis*

One on the 7th, 8th and again on the 10th

Wagtails, Pipits Motacillidae**Yellowish Pipit***Anthus lutescens*

A single bird was heard on the 7th

Finches Fringillidae**Violaceous Euphonia***Euphonia violacea*

Recorded almost daily

Orange-bellied Euphonia*Euphonia xanthogaster*

Recorded almost daily

Chestnut-bellied Euphonia*Euphonia pectoralis*

Recorded almost daily

Blue-naped Chlorophonia*Chlorophonia cyanea*

Recorded on the lodge feeders on four dates

Hooded Sisking*Carduelis magellanica*

One seen on the 6th

New World Warblers Parulidae**White-rimmed Warbler***Myiothlypis leucoblephanus*

Heard on the 4th and the 9th, seen well on the 5th and the 6th

Golden-crowned Warbler*Basileuterus culicivorus*

Seen on several days in small numbers

Oropendolas, Orioles & Blackbirds Icteridae**Crested Oropendola***Psarocolius decumanus*

Recorded on both the 7th and the 9th

Red-rumped Cacique*Cacicus haemorrhous*

Seen well in small numbers on the 8th

Chestnut-capped Blackbird*Chrysomus ruficapillus*

Seen well in small numbers on the 7th and the 8th

Shiny Cowbird*Molothrus bonariensis*

Recorded almost daily

Bananaquit Coerebidae**Bananaquit***Coereba flaveola*

Recorded almost daily

Buntings, New World Sparrows & Allies Emberizidae**Rufous-collared Sparrow***Zonotrichia capensis*

Recorded almost daily

Grassland Sparrow*Ammodramus humeralis*

Two were seen well on the 7th

Half-collared Sparrow **Arremon semitorquatus*

Two seen on the 7th, with another heard on the 9th

Tanagers and Allies Thraupidae

Cinnamon Tanager Four birds were seen on the 4th	<i>Schistochlamys ruficapillus</i>
Magpie Tanager Three seen well on the 9th	<i>Cissopis leverianus</i>
Olive-green Tanager * Recorded almost daily	<i>Orthogonys chloricterus</i>
Black-goggled Tanager Recorded almost daily	<i>Trichothraupis melanops</i>
Flame-crested Tanager Seen in small numbers on the 8th	<i>Tachyphonus cristatus</i>
Ruby-crowned Tanager Recorded daily	<i>Tachyphonus coronatus</i>
Brazilian Tanager Recorded almost daily	<i>Ramphocelus bresilius</i>
Sayaca Tanager Recorded daily	<i>Thraupis sayaca</i>
Azure-shouldered Tanager Recorded almost daily	<i>Thraupis cyanoptera</i>
Golden-chevroned Tanager * Recorded almost daily	<i>Thraupis ornata</i>
Palm Tanager Recorded almost daily	<i>Thraupis palmarum</i>
Diademed Tanager Several seen well on the 4th	<i>Stephanophorus diadematus</i>
Fawn-breasted Tanager Heard on three days, single birds seen on the 6th and the 9th	<i>Pipraeidea melanonota</i>
Green-headed Tanager Recorded almost daily	<i>Tangara seledon</i>
Red-necked Tanager Seen in small numbers on the 8th and again on the 10th	<i>Tangara cyanocephala</i>
Brassy-breasted Tanager * Seen well on four dates	<i>Tangara desmaresti</i>
Gilt-edged Tanager * Seen well in small numbers on four dates	<i>Tangara cyanoventris</i>
Burnished-buff Tanager Single birds seen on three different dates	<i>Tangara cayana</i>
Blue Dacnis Recorded almost daily	<i>Dacnis cayana</i>
Green Honeycreeper Recorded almost daily	<i>Chlorophanes spiza</i>
Rufous-headed Tanager * Two on the 6th was the only record	<i>Hemithraupis ruficapilla</i>
Yellow-backed Tanager Seen on the 8th	<i>Hemithraupis flavicollis</i>
Chestnut-vented Conebill Recorded on the 8th	<i>Conirostrum speciosum</i>

Uniform Finch Recorded on the 5th	<i>Haplospiza unicolor</i>
Bay-chested Warbling Finch * Small numbers seen well on the 4th	<i>Poospiza thoracica</i>
Saffron Finch Recorded daily	<i>Sicalis flaveola</i>
Blue-black Grassquit Seen in small numbers on the 7th and the 8th	<i>Volatinia jacarina</i>
Double-collared Seedeater Seen in small numbers on four dates	<i>Sporophila caeruleascens</i>

Grosbeaks, Saltators & Allies Cardinalidae

Red-crowned Ant Tanager Two were seen on the 5th and again on the 10th	<i>Habia rubica</i>
Black-throated Grosbeak Seen on the 10th	<i>Saltator fuliginosus</i>
Buff-throated Saltator One seen on the 8th	<i>Saltator maximus</i>
Green-winged Saltator One seen on the 6th, and another on the 9th	<i>Saltator similis</i>
Thick-billed Saltator A single bird was recorded on the 4 th	<i>Saltator maxillosus</i>
